

# ComputerCut®

## One system, endless possibilities

With ComputerCut, there's no limit to the type of customers you can solicit, what you can do, or how big your business can become. The ComputerCut internet database gives you access to designs and templates for automotive window film, vinyl graphics and signs, architectural window film, paint protection film and more. With quick and easy downloads and a simple to use interface, ComputerCut helps you to improve the quality and speed of your work.

## Automotive business benefits

- Internet-based access system – no time-consuming upgrades or downloads – patterns added daily
- Automotive window film pattern database – optimized to reduce film waste and increase productivity
- Clearshield paint protection pattern database for automobiles and RVs
- Complete pattern customization capabilities
- Text input and import functions for custom graphics and designs
- User member page filled with ComputerCut support
- Free software upgrades!

## Clearshield® paint protection opportunities

- Join the lucrative paint protection business
- Protection against damage from stones, gravel, salt, insects, and roadside debris
- Clear, thick urethane material bounces debris off the car with no damage
- No ugly black bra or holes to drill
- Virtually invisible with a 5 year warranty
- Thousands of patterns to choose from
- Get the perfect fit every time without cutting on the vehicle
- Protects 24/7 with no maintenance required
- Clear protection for bumpers, mirrors, hoods, fenders, headlights, and much more

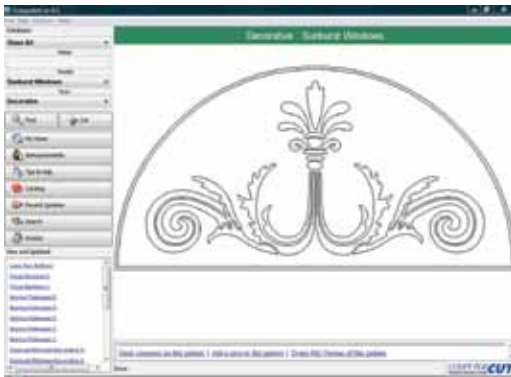

### Flat glass window planner and optimizer

- A full job can be laid out, precut, and installed by room. Just “peel and stick” saving material and time
- Automatically calculates the window area and amount of film used on the job... making quoting a job easier
- Allows for a “print out” option of the window plan and ties directly into the ComputerCut invoice/work order function for customized customer quotes
- Tracks your inventory by film type and installer, enhancing your inventory control and profitability

### Glass art

- Earn additional revenues from the profitable frosted film business, it's a natural add on
- Looks like real etched glass except it is removable
- Less than half the cost of real etched glass
- Choose from hundreds of designs
- Perfect for commercial buildings, office space, sidelights, bathrooms, sliding doors, entrance doors

### Graphics capabilities

- Instant access to thousands of custom graphics, decals, and glass art at the click of a mouse
- Custom design capability through our in-house professional graphic designer
- Ability to import and cut designs created in CorelDRAW®, Adobe® Illustrator®, Inkscape or sign software
