Clearshield® Pro

PAINT PROTECTION FILM

The best
protection
you will never see.

➔ Invisible protection for your paint

The thought of that first scratch shouldn't keep you from the open road. Show your vehicle to the world and drive it like a pro with the peace of mind of Clearshield Pro. The ultra clear professional-grade polyurethane barrier does more than just protect your paint from the impact of gravel, debris, stones, road salt and insects. Clearshield Pro also protects from elements ranging from bird droppings and acid rain to ultraviolet (UV) radiation from the sun that is proven to fade your vehicle's paint. It can be applied on cars, trucks, vans, sports utility vehicles or motorcycles whether old or new.

Professional Protection

Clearshield Pro is a virtually invisible, high-grade polyurethane barrier that delivers:

- **Resistance to impact** from gravel, debris, stones, road salt and insects
- **Sacrificial technology:** easily replace the durable barrier in the event of substantial damage to the film without any harm to the paint finish
- **Easy maintenance:** simply clean, wash and wax your vehicle as usual
- **Color protection:** advanced UV technology - think sunscreen for your car
- **Optically clear,** brilliant glossy look to make your paint color shine

Professional grade means we guarantee performance.

Professional Performance

Derived from aerospace technology designed to protect the leading edges of aircraft propellers and rotor blades from rock chips, Clearshield Pro delivers superior protection with a 5-year limited manufacturer warranty, guaranteeing the film:

- Will remain optically clear and stay in place
- Will provide complete and seamless coverage for your entire car
- Won't crack, peel, bubble or harm paint finish upon removal

Like sunscreen for your car with 99% UV protection, Clearshield Pro provides the best professional-grade protection you will never see.

Professional Fit and Finish

Clearshield Pro qualified installers utilize the power of ComputerCut®, the leading proprietary internet-based pattern cutting system, that custom cuts the high-grade polyurethane film to the exact specifications of your vehicle. Form fitted by craftsmen in the industry puts the "PRO" in Clearshield Pro and delivers the sharpest look and protection available on the market.

Three steps to protection:

1. ComputerCut carefully pre-cuts templates for a custom fit
2. Professional Clearshield Pro installer ensures proper application
3. Clearshield Pro immediately starts delivering virtually invisible protection
