How to Earn LEED Points & BREEAM Credits

Saint-Gobain Solar Gard® Solar, Safety and Security Window Films

LEED & BREEAM Credits

Global sustainable assessment- and rating methods for buildings
Building owners can earn a higher rating with the use of Solar Gard window film.

Earning LEED Points

LEED (Leadership in Energy and Environmental Design) is a widely used green building rating system.

The benefits of window film can help companies to earn points to achieve a higher rating based on the following credits:

1. SS (Sustainable Sites)
- Credit 8: Light Pollution Reduction

2. EA (Energy & Atmosphere)
- Credit 1: Optimize Energy Performance

3. EQ (Indoor Environmental Quality)
- Credit 8: Daylight & Views
- Credit 7: Thermal Comfort

4. MR (Materials & Resources)
- Credit 1 Building Reuse

5. ID (Innovation & Design Process)
- Harmful UV-rays blocked
- Fade reduction reducing waste

LEED POINTS

SS	EA	EQ	MR	ID

Earning BREEAM Credits

BREEAM (Building Research Establishment Environmental Assessment Method) is a leading sustainability assessment method for buildings.

BREEAM rated buildings do also address the health and well-being of the occupants.
Credits can be earned with window film on Asset Performance and Building/Occupier Management categories:

1. Energy
- Up to more than 10 different ENE credits

2. Heath & Wellbeing
- HEA 01 Visual comfort and Daylighting
- HEA 02 Glare control
- HEA 03 Thermal control
- HEA 08 Illuminance levels

3. Materials
- MAT credits on security advice and natural hazards
