

QXN 75

Sentinel® Plus QXN 75 Outside Weatherable Film

Invisible Sun Protection. Powerful Performance.

Sentinel Plus QXN 75 OSW is a next-generation solar control film that delivers exceptional heat rejection while remaining virtually invisible. Designed for modern glazing systems, it enhances comfort, reduces energy costs, and preserves existing views.

INSIDE VIEW

OUTSIDE VIEW

WHY CHOOSE SENTINEL PLUS QXN 75?

HIGH HEAT REJECTION

Blocks over 55% of solar energy, keeping interiors cooler and reducing air conditioning costs.

CRYSTAL-CLEAR VIEWS

Maintains high visible light transmission (69%) with low reflectance, preserving natural daylight and the original look of your glass.

LOW ABSORPTION TECHNOLOGY

Advanced sputtering technology ensures minimal heat absorption, making it suitable for nearly any glazing type—even high-performance glass.

UV PROTECTION

Rejects >99% of harmful UV rays, helping to protect interiors from fading and damage.

10-YEAR LIMITED MANUFACTURER WARRANTY

Solar Gard offers a 10-year limited manufacturer warranty¹ on Sentinel Plus OSW installations, with films available in widths up to 72" for large glass applications.

¹ 10-year limited warranty applies to vertical installations. A 5-year limited warranty is offered for sloped installations.
